

# Port Adelaide Environment Forum

Thursday 15th September 2016

7pm – 9pm

## AGENDA

## *DRAFT* ENVIRONMENT STRATEGY

Our environment is a key priority in the City Plan for our Council.

Underpinning this is an Environment Strategy covering issues such as urban development, transport, public open space, heritage, waste management, water conservation, climate change, ecosystems, soil quality, air quality, biodiversity and coastal management.

The Port Adelaide Environment Forum is pleased to provide a presentation by Verity Sanders, Environmental Planner, City of Port Adelaide Enfield on Council 's draft Environment Strategy.
