

PORT ADELAIDE ENVIRONMENT FORUM

THURSDAY SEPTEMBER 19, 7PM - 9PM

BLUE CARBON & COASTAL RESTORATION

Coastal wetland ecosystems store 'Blue Carbon', creating new incentives for their conservation and restoration and providing nature-based solutions for climate change.

Prof. Sabine Dittmann, Professor for Marine Biology, Flinders University will update us on international and local efforts to measure and grow 'Blue Carbon' stocks.

Port Adelaide Enfield Council Town Hall

34 Nile St, Port Adelaide

Free event. All Welcome. No bookings required.
